BAHCO

TOOLS ENGINEERED FOR PRECISION, COMFORT AND DURABILITY FOR THE HIGHEST PERFORMING PROFESSIONALS

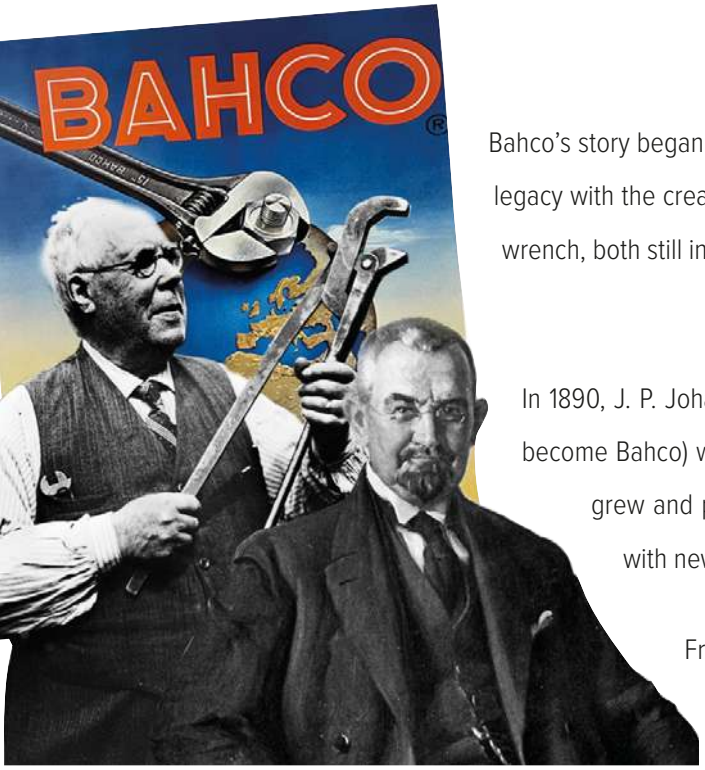
For over 140 years, Bahco has set the standard in premium hand and cutting tools, meeting the expectations of the world's most demanding professionals across General Industries, Pruning, Trades, Industrial Cutting, and Automotive.

Our catalogue began with the invention of some of the world's most essential tools, such as the adjustable pipe wrench, the adjustable wrench, multi-component handles and Sandflex® saws, and continues to expand to this day.

Today, with over 400 registered patents and multiple awards, Bahco continues to lead through design and innovation. In 2026, we proudly celebrate 140 years of tool-making experience and passion, with more than 24,000 products that combine state-of-the-art technology with user-focused tool design.

BAHCO®

CELEBRATING 140 YEARS OF LEGACY



Bahco's story began in 1886, when inventor Johan Petter Johansson laid the foundation of our legacy with the creation of the pipe wrench (called, "The Iron Hand") and later, the adjustable wrench, both still in use today.

In 1890, J. P. Johansson signed a sales agreement with B.A. Hjorth & Co. (that would later become Bahco) which would sell his tools all over the world. Demand increased, the shop grew and production rose rapidly. But Bahco's founder never ceased to experiment with new ideas and inventions.

From our workshop in Sweden to a global presence spanning 27 countries, Bahco tools retain his spirit of industrial innovation and continue to inspire, generation after generation.

THE FISH & THE HOOK

The iconic Fish & Hook logo signifies the unmatched quality of Bahco saw blades produced by Göran Fredrik Göransson in 1886. These saw blades were forged from the same high-grade steel used to make fish hooks, known by all for their durability and resilience.

As such, a universally recognisable symbol of quality was all they needed. No letters or words. Today, the Fish & Hook continues to represent Bahco's commitment to quality, precision and durability.

Follow the Fish.

For warranty info please check your local website **www.bahco.com**

This catalogue comprises our current product assortment. Changes in the assortment as well as change of net shapes, forms, designs and designations are made continuously. No specific information will necessarily be issued to this effect.

Illustrations and drawings have been reproduced to be as accurate as possible. For the purposes of a catalogue they may, however, differ from the products themselves, as may the technical specifications.

Indications of weight are to be understood as approximate net weights, and serve primarily to facilitate calculations of freight and postage charges.

This catalogue supersedes all previous specifications and assortment lists.
